Subject: Leave Uber Alone!

Members of the PSC,

I have used Uber continually since it arrived in SC this past summer, and I have also used Uber in other states as well. I have found the Uber experience to be far superior to any experiences I have had while using a standard taxi service. I have found that the cars used by Uber drivers are routinely cleaner and more appealing to travel in than a standard cab, and I have felt far safer and more comfortable with the Uber drivers I have met than most taxi cab drivers I have encountered. The state Legislators and the Governor of SC have said repeatedly they hold our freedom to be dear and promise to limit, if not eliminate in some cases, government "overreach" and "interference" in the daily lives of South Carolinians. I feel the actions taken by the PSC regarding Uber to be contradictory to this very notion of personal freedom South Carolina has vowed to protect. I ask that you respect my right as a citizen of South Carolina and a consumer of the services offered by Uber and allow Uber to continue operations here in the Palmetto State. I believe in the free marketplace, and eliminating Uber from our state violates the spirit of a free economy and limits choices of consumers. I do not agree with what you have done, and I hope you reverse course for the good of the people of South Carolina, and any visitors who may wish to travel here.

Sincerely,

Trey Meredith

Subject: Deplore your Uber decision, give me my right to choose.

As a Charleston County, SC resident, I deplore your decision against Uber, an affordable, innovative and safe transportation choice for consumers like me.

I apologize but what I see here is the SC establishment protecting "good old boy" taxi monopolies which are more expensive, less convenient and arguably not much more safer than Uber.

As a consumer, I don't want PSC to limit my choices of transportation. It is up to me as a consumer to decide and make the right and convenient transportation choice.

Before Uber service, I was ripped off by other cab, and limo services to travel from/to Mt Pleasant to/from CHS Airport \$55-60.

After Uber, I was able to do the same journey for \$35-40. This is good for the consumer, creates a competitive choices that overall lowers the prices and improve the services.

I support Uber 100% and I am concerned about the order for them to Cease and Desist. The need for progressive thinking with regards to taxi service is important to me. I urge you to reconsider this decision.
